

Abstract for the presentation at the NCCBP Conference on June 15 at Johnson County Community College in Overland Park, Kansas.

Use of NCCBP Data for Accountability and Evidence-Based Decision-Making

This session will provide an overview of how a small, rural, Achieving the Dream institution integrates its NCCBP data into efforts to sustain a “culture of inquiry, evidence, and accountability.” Examples of the data communicated to stakeholders and of resulting evidenced-based changes will be shared.

June F. Prince
Vice President for Planning and Assessment
Ouachita Technical College
(As of July 1—College of the Ouachitas)
Malvern, Arkansas
