

Web-based Printing

Laptop users who are needing to print documents from hard drives or web pages can follow these steps:

1. Open up your web browser and go to www.kleberglibrary.com
2. On the left-hand side of your screen, click on the link that says "Wi - Fi Internet Access" and then click on the link that says "Wi-Fi Web Printing: PrinterOn®".
3. Once you have clicked on the link, you will be redirected to our WiFi Printing Website. Just follow the on-screen instructions to load your print jobs and you will be set to go!

As an alternative to web-based printing, you can choose to download and install PrinterOn®'s PrintWhere® software for FREE to your laptop. PrintWhere® allows you to print documents straight out of Windows-based applications without the need for having to open up a web browser. To download PrintWhere®, visit <http://www.printeron.com/services-support/downloads.html>. There you will also find the PrintWhere® User Guide to using PrintWhere®.

for complete details on how to print using the PrinterOn® iPhone app.

If prompted to enter a name, enter your own and write any Job Reference # given so that we are able to search for your print job.

iPhone

Scan the above QR Code or visit the Apps Store and search for "PrinterOn" to download and install the app

The Age of Wireless Printing!

In today's busy digital age, we have become increasingly reliant on all things mobile and wireless to get our everyday jobs done. When it comes to reproducing our pictures, documents, web pages, and contacts, we expect printing to be reliable and available. How can you print such items from your mobile devices if you don't have a printer? Say hello to the library's PrinterOn® mobile app.

The PrinterOn® mobile app lets you print with ease from your device to any

PrinterOn® location, such as the Robert J. Kleberg Public Library. You can even install the app on your Android or iOS-powered smartphones and tablets. As long as you have an Internet connection on your device, you can send pictures, documents, web pages, and contacts to the library's printer, and pick them up within 3 days of transmission for a nominal fee per page. Your print jobs can be retrieved during library business hours. With the PrinterOn® app installed on your mobile or wireless device, you can now print documents that you once thought were unprintable.
