Mobile Wi-Fi Pilot Program

The Robert J. Kleberg Public Library is launching a pilot program that offers a mobile, high-speed, wireless Internet hotspot for patrons to checkout. The goal for the pilot Hotspot on the Go Checkout Program is to assess the community's need for this service. With a valid library card, a library patron signs a "Mobile Hotspot and Electronic Device Loan Agreement" and checks out a mobile Wi-Fi hotspot for three

weeks. For each checkout, the patron is assessed a non-refundable \$10.50 Technology User Fee to help offset any service

charges the library may incur during the pilot program. Then the user can access Sprint®'s wireless Internet connection. Devices that will be offered on a first come, first serve basis include mobile hotspots and tablets. For the mobile Wi-Fi hotspot, patrons can connect up to eight Wi-Fi ready devices. The library's pilot program will run approximately 30 days. If the pilot program is successful, the library will incorporate Hotspot on the Go into the library's Internet services. For more information about the Hotspot on the Go Checkout Program, please call the library at 361-592-6381.

Library Survey

In order to serve the community better, the library placed an online survey on its website to gauge user satisfaction, to assess users' needs, and to learn more about the end results of using the library. Because services are continually being updated, the library plans to maintain the survey year round. The survey is anonymous, and no personal data is collected. Patrons' suggestions can influence long-range planning for the library, so all residents are encouraged to complete the survey. To participate, simply visit the library's website at www.kleberglibrary.com and click on the "Library Survey" tab at the top of the homepage. The survey takes approximately five minutes to complete. Make an impact on your community and let your voice be heard.
